

Federal Aviation Administration, DOT

§ 198.17

(c) Requests made after issuance of a non-premium policy for the addition of an aircraft or insurable item must be accompanied by the binder for each aircraft and insurable item.

(d) When an operator acquires an aircraft or insurable item that was previously covered under an active or standby policy, the new operator must register that aircraft or item on its

policy and pay the binder for each aircraft and insurable item.

§ 198.17 Ground support and other coverage.

An aircraft operator may apply for insurance to cover any risks arising from the provision of goods or services directly supporting the operation of an aircraft that meets the requirements of § 198.3(b).
